If we don't improve, then our circumstances won't improve. It means maybe eating an extra piece of fruit and cutting back on the fries at lunch. Poor urban housing conditions are a global problem, but conditions are worst in developing countries. A PVR urine measurement less than 50 mL is negative for overflow; to mL is considered indeterminate and the measurement should be repeated on another occasion ; and greater than mL is suggestive of over-flow as a main contributing factor of incontinence. We hope you are available.
